Andrea,

We will be very happy to take on the Blue Lake Power case via the IEc Financial Helpline. However, as you know, the following must be completed before Region 9 can "release" Respondent tax returns outside EPA to our contractor:

- (i) You must first provide me documentation that Region 9 has issued written CBI notice to the Respondent in accordance with 40 CFR Part 2, Subpart B ... as well as any Respondent follow up to the notice. This has been customary for Region 9 in the past.
- (ii) I subsequently issue written CBI certification that all of the aforementioned has been completed. If you have a TSCA or FIFRA case, my certification is required to be a memorandum justifying the release.

In addition, EPA's Contracts Management Manual requires this CBI procedure as implemented by contractual clauses, which were placed on our vehicle by the former HQ OECA CO Team Leader in 2010. Your cooperation is appreciated.

Thanks.

Hi Jack,

Region 9 would like IEC's assistant in evaluating an ATP claim for Blue Lake Power since the company is relatively new and has only provided two years of tax returns. Therefore, we would like permission to release the respondent's financial information to IEC as a helpline request.

Thank you,
